EDUCATION

Indian Institute of Information Technology, Kalyani

2022 – 2026

B.Tech - Computer Science and Engineering - **CGPA - 9.04**

Kalyani, West Bengal

EXPERIENCE

Rudrax Private Limited [🔗](#) | [Next.js](#), [FastAPI](#), [MongoDB](#), [Vercel](#)

June,2025 - Present

- **SWE Intern:** Engineered the seamless integration of FastAPI endpoints with the Next.js frontend and performed comprehensive end-to-end testing to ensure application reliability and a flawless user experience.
- Developed critical user-facing features including a property watchlist, bulk CSV upload, and a secure certificate download module, while optimizing data retrieval performance by utilizing MongoDB caching.

Paediprime [🔗](#) | [React](#), [MongoDB](#), [Node](#), [Expressjs](#)

May,2024-December,2024

- **Software Developer Intern:** Developed a high-performance REST API using Node.js and MongoDB, integrating Cloudinary for file uploads and React packages for notifications, which boosted user engagement
- Engineered a secure, end-to-end authentication module with JWT and BcryptJS, reducing account breaches by 35%, and deployed the full-stack solution on Render/Vercel with a custom domain for professional accessibility.

PROJECTS

Code-Cast [🔗](#) | [Frontend](#),[MongoDB](#), [bootstrap](#),[socketio](#),[Express](#),[Nodejs](#),[Docker](#)

2023

- Collaboratively developed an application with mainly 3 features - A collaborative **code-editor**, **shared whiteboard** **video-chat** along with features like signin signup and separate-room features.
- Implemented Socket.io optimization, reducing data payload by 90% and introducing server side caching.
- Enhanced the user interface with new features and seamlessly integrated Google Sign-In functionality, resulting in a substantial user base growth over 100 individuals.

Multithreaded Proxy Web Server [🔗](#) | [C](#),[Semaphore](#),[Concurrency](#),[Locks](#)

2025

- **Concurrency:** Architected a high-performance Multi-Threaded Proxy Server in C, implementing POSIX threads (pthreads) and mutex locks to ensure thread safety, which improved request throughput by 40%.
- **Caching and Efficiency** Effectively minimizing latency by slashing data retrieval times by up to 70% and reducing redundant backend server traffic by 50% for subsequent requests.

Diksha [🔗](#) | [React](#), [MongoDB](#),[Express](#), [Node js](#), [MicroServices](#),[RabbitMQ](#)

2024

- A scalable ride-hailing platform with microservices architecture using RabbitMQ for service communication, integrating four core modules (User, Ride, Captain, Maps) to decouple services and improve maintainability
- Executed JWT-auth and real-time bidirectional communication between users and captains using Socket.IO, incorporating Google Maps API for live tracking, route optimization, and location auto-complete suggestions
- Optimized service load handling, reducing bottlenecks with an API Gateway, supporting up to 100 concurrent users with an average response time of under 300ms and 99.5% uptime during peak test simulations

TECHNICAL SKILLS

CourseWork: Operating Sytems,OOPS,Data Structures,Cryptography,Machine Learning,Networking

Languages: C++, C, JavaScript, Python,Java

Technologies/Frameworks: CSS3, Reactjs,Express,NodeJS, Bootstrap,Nextjs, Flask

Developer Tools: VS Code,Docker,Git,Github, Linux,AWS,System Design

Databases: MongoDB,PostgresQl,PrismaORM,MySQL

ACHIEVEMENTS

- Rated **Guardian 2169** Top 1.13% Worldwide and solved over 1200 problems **Leetcode**. [🔗](#)
- **ICPC Regionalist** 2024 across **3731** teams and ranked **133** in regionals. [🔗](#)
- Codeforces Max Rating **1634 Expert** solved over 800 problems [🔗](#)
- **4* 1914** rated at **Codechef** and ranked 94 in starter 167 div 2 contest over 30000+ participant[🔗](#)
- Qualified for round 2 of **META-HACKERCUP** with a rank global rank of 2896 among 22495 participants[🔗](#)

EXTRACURRICULAR

- Secretary of **Codecubes** cp club of IIIT Kalyani organised 3 coding contests with grant participation
- Organiser of **StatusCode1** the flagship hackathon of IIIT Kalyani with 3700+ registrations
